

NATIONWIDE ROUNDUP OF RADICALS STARTED

TAKEN IN RAID OF SOVIET HEADQUARTERS IN NEW YORK CITY

Women Included Among Those Arrested—Many Taken in Chicago and Other Cities Over the Country.

BULLETIN
CHICAGO, Nov. 7.—Fully 175 men suspected of being radicals were arrested in their homes here tonight by order of the federal department of justice as part of the drive against "reds," according to an operative of the Chicago bureau which would not permit his name to be used. Edward Brennan, who directed the raids here, refused to be quoted other than that "arrests have been made."

NEW YORK, Nov. 7.—A nationwide raid on anarchists here tonight. Agents of the department of justice, led by William J. Brennan, arrested more than 200 radicals assembled in headquarters of the Russian soviet republic and after had been taken to headquarters of the department of justice and cross examined, fifty were held for deportation. Eight women were taken in the raid, of whom two were held for deportation.

While the men were being examined reports were received of other raids which were being made at Philadelphia, New York and Jackson.

30 Warrants Issued.
As learned that 30 warrants were issued by Commissioner of Immigration Caminetti for radicals known to have been active in the industrial movement of the country. It is reported that these persons were particularly sought, they were taken to police headquarters. The warrants, taking place on the widely advertised celebration of the establishment of the soviet government in Russia were being issued in the name of the federal authority. This was said to be a combined effort of the I. W. W., the Russian agitators, and other literature to effect are now in possession of the department of justice. It is said.

Many Taken in Chicago.
Chicago, Nov. 7.—Fifteen alleged radicals were arrested tonight by operatives of the department of justice in raids on "reds." The men were taken to different places after being questioned at their homes. Edward Brennan, chief of the department of justice, refused to give any information regarding the raids. He said he had ordered the men to remain silent.

First Prisoners Were Taken.
In a long line of taxicabs opposite the federal building calls for the removal of prisoners. A large quantity of radical literature was seized. The raid was made by seven agents of the department of justice under the direction of William J. Flynn, chief. They were assisted by members of the New York "squad" and four patrolmen.

Taken in Michigan Raid.
Kalamazoo, Mich., Nov. 7.—Six men were arrested here tonight by federal authorities upon information from the department of justice in connection with what is said to be a nationwide roundup of members of the Russian Workers' Union. Information from the department was to the effect that there were four members of the organization, but the raid was made on their headquarters papers found showed that seven men were taken with it.

Ordering to the Agents Making Arrests.
The secretary of the local branch, Mike Muzichok, 32 years old, has lived in the United States for seven years but had taken out citizenship papers. A department's agents left city for Detroit where they were to take part in a raid.

At Waterbury, Conn.
Waterbury, Conn., Nov. 7.—Six radicals were arrested by police officials here tonight.

INJUNCTION AGAINST MINERS COMES UP IN INDIANAPOLIS TODAY

Union Chiefs Will Seek Dismissal of Proceedings.

INDIANAPOLIS, Ind., Nov. 7.—There was no indication here tonight that an effort would be made to have injunction proceedings against the striking coal miners set for hearing tomorrow in federal court postponed and attorneys for the government declared they were prepared to carry out their program.

Attorneys for the miners tonight stated they would make no effort to secure a continuance of the hearing, but if their efforts failed to secure dismissal of the case they would ask for a modification of the injunction to allow use of the strike benefit fund.

Officials of the mine workers at international headquarters here refused to discuss the court action tomorrow or the possibility of settling the strike outside the courts. Acting President John L. Lewis when asked tonight about the report that Samuel Gompers had communicated with him concerning his conference with Attorney General Palmer today would only reply that he had nothing to say.

When the injunction proceedings come up in court tomorrow morning it is expected that first argument will be on the miners' motion for dismissal of the petition. This motion attacks the government's right to interfere in the strike situation and declares that President Wilson exceeded his authority in re-establishing the national fuel administration. If this motion is overruled, the government's petition for a temporary injunction to prevent mine workers' leaders from participating in the conduct of the strike will be argued. This petition, in addition to asking that the present restraining order be made a permanent injunction asks for a court order to compel the miners' heads to withdraw their strike call.

It was pointed out today that although the government's petition asks only for a temporary injunction at this time, Judge Anderson may, if he thinks advisable, make the injunction permanent. In their defense against that part of the government's prayer for a mandatory order to rescind the strike, the miners it is understood will bring up the question of whether or not the union officials can call off the strike if ordered by the court. The miners have contended at all times since the strike call was issued that as the walkout was ordered by the Cleveland convention they were powerless to arrest it and that only another session of the convention could authorize the miners to return to work.

The union's lawyers also will invoke the Clayton law of 1914 which, they say, prevents interference in any disputes between employers and employees on wages.

Two points to be pressed by the government are that the Lever law for the control of fuel is in effect, despite the miners' contention that it would not apply because the war had "ceased progressively," and that since the railroads are guaranteed a certain income by the government the United States would be forced to pay the railroads in excess of the amount necessary if operation were continued as usual. The latter point presents the question of property right and injury which is said to be necessary to secure the restraining order. The government's case will be in charge of C. B. Ames, assistant attorney general, who arrived today from Washington.

He will be assisted by Henry S. Mitchell, who accompanied him to Indianapolis, Dan W. Simms, of Lafayette, Ind., special district attorney appointed in the case and United States District Attorney L. Ert Slack of Indianapolis. The miners counsel is headed by Henry Warrum of Indianapolis, and includes several attorneys who in the past have represented the various districts of the mine workers.

OFFICIALS RELEASE
RALPH GREENLEAF
BRIDGEPORT, Conn., Nov. 7.—Ralph Greenleaf, professional billiard player and George Worden, his manager, who were detained by the state police last night by order of Coroner Eli Mix of New Haven, today were permitted to resume their tour. They were detained so that the coroner might make inquiries of them in connection with the murder of Benjamin Binkowitz, a Wall Street messenger, who disappeared in August with \$175,000 worth of bonds, and whose body was later found in Milford. The coroner's office declined to give out any further information.

NEW YORK, Nov. 7.—A new record price for a seat on the stock exchange was made today a place sold for \$110,000. This is \$10,000 above the previous record price paid less than a week ago.

RESERVATIONISTS WIN FIRST BATTLE IN TREATY FIGHT

G. O. P. Solid Behind Foreign Relations Committee.

HITCHCOCK VISITS WILSON

WASHINGTON, Nov. 7.—The first affirmative step toward qualification of the peace treaty was taken today by the senate administration leaders with the backing of President Wilson. The reservationists drawn by the senate majority are adopted. The initial test of strength on the reservation of the foreign relations committee found the Republicans almost solidly united behind it, the group of mild reservationists who helped kill the committee's amendments and the irreconcilable group of treaty foes standing together for the first time since the long treaty fight began.

Preamble Approved
By a vote of 48 to 40 the senate approved after all efforts to amend it had failed, the committee's preamble to the reservation group requiring that to make the treaty binding at least three of the four great powers must accept the senate qualifications. The only Republican who did not swing into line for the proposal was Senator McCumber, of North Dakota, while three Democrats, Senator Reed, Missouri, Gore, Oklahoma, and Walsh, Massachusetts, voted with the majority.

When adjournment was reached the first of the fourteen reservations was under debate, and Republican leaders were claiming they had safe majorities pledged for the entire group. The mild reservationists, it was declared, had turned down a new Democratic offer of compromise while the irreconcilable wing was devising a plan of action by which they hoped to defeat the treaty entirely. The best claim made by the administration forces was that the treaty would be wedged into a deadlock which in the end would make a compromise inevitable. The plan to vote against the treaty and thus deadlock the ratification fight was declared to have President Wilson's unqualified support.

Hitchcock Confers With Wilson
Senator Hitchcock, of Nebraska, the Democratic leader, saw the president today for the first time since his return from Washington. The mild reservationists, it was declared, had turned down a new Democratic offer of compromise while the irreconcilable wing was devising a plan of action by which they hoped to defeat the treaty entirely.

After the white house conference the Democratic leader declared his conviction that there would be no compromise until the deadlock had actually developed. He conceded that most of the committee reservations would be written into the ratification resolution and that after the latter had been killed by Democratic votes an unqualified ratification resolution also would probably fail. Then the time would be ripe, he declared, for the senators favoring ratification without reservations and those wanting ratification with reservations to get together. By leaders of the reservationists the possibility of such a compromise was emphatically denied and it was declared the group had gone as far as it would go in curtailing treaty qualifications. Feelers had been thrown out immediately after Senator Hitchcock's return from the white house these senators declared and had been absolutely fruitless. They were more uncertain as to what might happen however should the irreconcilable enemies of the treaty adopt by course, said to be advocated by some of them, of demanding more drastic reservations as the price of ratification.

NO COMPROMISE YET.
The president was said to have asserted an aggressive opposition to the acceptance of reservations which would impair the treaty but to have shown a willingness to leave the matter of a compromise in the hands of the administration senators to be worked out after the deadlock stage had been reached. Mr. Wilson explained, Senator Hitchcock declared, that he had sent for the administration leader to give assurance of his support in the contemplated program and of his gratitude over the successful fight against amendments.

PLAN FOR AMERICAN LEGION CONVENTION
MINNEAPOLIS, Minn., Nov. 7.—Preliminary plans for the annual convention of the American Legion which opens a three day session here Monday, were outlined at several meetings today of advanced delegates from all states in the union except six. At a meeting intended by delegates representing the various state chairmen it was decided to recommend the elimination of the election of a temporary chairman and secretary of the convention in order to save time and to elect permanent officers at the Monday morning session. It also was recommended that each convention committee consist of one delegate from each state selected by the state in any manner it desires, that each state committee select its own chairman and secretary and that each committee report direct to the convention purely in an advisory capacity.

ENGLISH WOMEN BEGIN WEARING MONOCLES
London, Oct. 29.—By The A. P.—English women are beginning to wear monocles.

BURNED TO DEATH WHEN PLANE FALLS
Kansas City, Mo., Nov. 7.—H. O. Evison, a passenger in an airplane was burned to death here today when the plane fell 50 feet and was destroyed by fire.

LITTLE CHANGE IN GENERAL SITUATION OF MINERS' STRIKE

Many Cries for Coal Reported from Prairie States.

CHICAGO, Nov. 7.—As the first week of the soft coal strike ended tonight with production generally paralyzed in union mines, transportation affected and virtual wartime fuel regulations in force both operators and miners awaited developments in the government's injunction proceedings. The seventh day of the strike witnessed little change in the general situation. About 425,000 union miners remained on strike altho coal operators of West Virginia where 11 union mines were reported in operation yesterday and Colorado reported increased production. Miners' leaders denied the West Virginia operators' claims and said only a few mines were working on the open shop basis. Nearly normal production continued in the non-union fields of West Virginia and Pennsylvania and some parts of New Mexico as well as in Western Kentucky where the miners did not participate in the strike because of contracts.

Two thousand lignite miners in North Dakota planned to strike in the morning. No further reduction in train service took place today but in railroad circles it was considered likely that either suspensions would be ordered next week unless there was rift in the strike cloud.

Canadian coal has not been seized by railroads as yet and is coming into Seattle, but coal from Mexico was seized by railroads in Texas today.

The 2,000 lignite miners of North Dakota decided today to join the strike after deferring action pending consideration and rejection of their ultimatum to the operators.

Further cries for coal because of the shortage came from Prairie states, and two steel mills in Chicago reduced operation for lack of fuel, throwing 200 men out of work. Frank J. Haves, president of the miners who has been ill, left Denver for Indianapolis today without announcing the object of his trip.

OHIO ELECTION STILL IN DOUBT
COLUMBUS, Ohio, Nov. 7.—Whether Ohio voters Tuesday approved the state legislature's action in ratifying the federal prohibition amendment or repudiated the ratification will be determined by the official count of the votes cast.

Complete official and unofficial returns from 86 of the 88 counties less seven precincts compiled by the secretary of state show a wet majority of 2,163 against the proposal. Newspaper returns from the two missing counties give dry majorities in those counties of 1,959, which would reduce the wet majority to only 204.

If the missing three precincts give dry majorities equal to last year's, statisticians figure that the apparent wet majority will be turned into a dry majority of 83 votes, thus upholding the legislature's action in ratifying the amendment.

An official canvass of the vote will not be commenced until Monday and this may take a week or ten days.

PLAN FOR AMERICAN LEGION CONVENTION
MINNEAPOLIS, Minn., Nov. 7.—Preliminary plans for the annual convention of the American Legion which opens a three day session here Monday, were outlined at several meetings today of advanced delegates from all states in the union except six.

At a meeting intended by delegates representing the various state chairmen it was decided to recommend the elimination of the election of a temporary chairman and secretary of the convention in order to save time and to elect permanent officers at the Monday morning session. It also was recommended that each convention committee consist of one delegate from each state selected by the state in any manner it desires, that each state committee select its own chairman and secretary and that each committee report direct to the convention purely in an advisory capacity.

WITHDRAW STRIKE ORDER, PALMER TELLS GOMPERS

Final Effort of Labor Leader for Settlement Fails.

LEGAL BATTLE STARTS TODAY

WASHINGTON, Nov. 7.—Eleventh hour efforts by Samuel Gompers to settle the coal strike were not tonight by emphatic declaration from the government that injunction proceedings would be dismissed the instant the strike order was withdrawn—and not before.

This final decision was given to Mr. Gompers, heading a delegation of high labor officials at the close of the third conference of the day with Attorney General Palmer and after Mr. Gompers had talked over the telephone with John L. Lewis, acting head of the United Mine Workers of America, at Indianapolis.

Gompers Shows Strain
Mr. Gompers plainly showed that he was under a severe strain as he left the department of justice flatly and bluntly refusing on his way out to say one word about the trip of conferences or hope of ending the strike before the United States could press its suit against officers of the miners' organization.

Attorney General Palmer, to whom Mr. Gompers referred all requests for information, refused to see newspapermen.

Statement Brief.
There were only eighteen words in the statement Mr. Palmer dictated to newspapermen as he left the white house after the cabinet meeting and an earlier brief conference with President Wilson.

"The injunction proceedings against the coal miners' leaders will be dismissed the instant the strike order is rescinded," said the attorney general and his utterance stood tonight as the final word of the eve of what may mean the beginning tomorrow of the greatest union labor litigation in the history of the country.

Thru the day, altho it was on the lip of all official Washington, that the government and miners were considering new plans for ending the struggle without further resort to law, the feeling grew that hearing on the restraining order set for tomorrow morning in the federal court before Judge Anderson at Indianapolis would be postponed without prejudice to either side.

The department of justice will not ask for postponement, but whether it might oppose the request if the miners ask for more time, not an unusual proceeding, officials declined to say.

Gompers Persistent
The persistence with which Mr. Gompers presented his plea after the attorney general indicated his earnest desire to bring peace to the coal fields before the battle is waged in the federal courts. Accompanied by Matthew Woll, vice president, and Frank Morrison, secretary of the American Federation of Labor, Mr. Gompers saw Mr. Palmer before the latter went to the white house for a word with the president and to outline the strike situation to the cabinet.

The second meeting took place immediately after the cabinet session adjourned. It lasted an hour and when the labor leaders departed they were far more cheerful than they seemed tonight.

Returning to his office tonight, Mr. Gompers remained there for several hours and was in communication with labor officials here and elsewhere.

EXTENSION OF LEVER FOOD-FUEL CONTROL LAW IS NECESSITY

Attorney General Palmer Tells House Committee.

WASHINGTON, Nov. 7.—Extension of the Lever food and fuel control law for six months after the proclamation of peace is necessary to protect the country from high prices Attorney General Palmer today told the house agriculture committee.

"Unnatural economic conditions," the attorney general said, would be "taken advantage of by unscrupulous people," to make prices high unless the powers granted under the act are continued in force.

"The conditions in the country immediately following peace make it even more necessary that the law be continued than the conditions that prevailed and led to the enactment of the original act," said the attorney general.

Since the armistice prices have very largely increased and unless the government control is continued over some commodities, the after war conditions may result in higher prices than during the war itself.

Answering questions regarding the bituminous coal miners' strike the attorney general said that the department of justice had no legal plans, other than its injunction at Indianapolis for dealing with the strike situation.

"The failure of the men to carry out the contract to work at a certain wage during the war is the primary cause," he added, in reply to a question as to whether the strike was due to war conditions.

Under the law the attorney general declared in a response to a question, the president had power to take over the coal mines if he saw fit.

He also said that under the law the resurrected fuel administration could continue for six months after peace. Price fixing of food also is possible under the law, but the attorney general said he "knew of nothing that contemplated use" of this authority.

Action on the attorney general's requests both as to the extension of the food control and making funds available for an educational campaign on the high cost of living thru combatting of "buy now" campaign was deferred until Monday by the committee.

YOUTH CONFESSES TAKING \$40,000
HELENA, Mont., Nov. 7.—Charles Stevens, 13 years old messenger for the Union Bank and Trust Co., confessed today, the authorities announced, that he stole \$40,000 worth of securities from a registered package which he was conveying last Wednesday from the post office to the bank.

Stevens, the authorities asserted, admitted he had two accomplices in the robbery. After the money package had been opened and its contents divided, Stevens' companions bound and gagged him the confession allowed, made it appear he had been held up and robbed. The money has not been recovered.

THREE BURNED IN ATLANTA FIRE
ATLANTA, Ga., Nov. 7.—Three men are dead, two dying, a number seriously injured as a result of a fire early today in the Wilson hotel in the business district. Between 20 and 30 persons, including seven women, were in the building. Many escaped by leaping to the roofs of adjoining structures and firemen rescued others.

The dead: Proctor B. Lawrence, hotel clerk, 75.

Sergeant Schley Flaek, Silver Springs, Texas, but on duty at Camp Gordon, 31.

CANDIDACY OF LOWDEN LAUNCHED FOR PRESIDENCY

Keynote Speech Is Made by Congressman Rodenburg.

WILL H. HAYS ALSO SPEAKS

SPRINGFIELD, Ill., Nov. 7.—In a keynote speech by tonight launching the candidacy of Governor Frank O. Lowden of Illinois for the presidency of the United States, Congressman William A. Rodenburg of East St. Louis presented the name of Governor Calvin Coolidge of Massachusetts as a running mate for Lowden. The mention of Governor Coolidge's name brought a storm of applause.

Significance was attached to the linking of the two names because of the fact that Congressman Rodenburg has been picked to make the Lowden nominating speech on the floor of the national convention.

Governor Lowden was given an ovation when he was referred to by Congressman Rodenburg as "the nation's next choice."

Preceding the Rodenburg address, Governor Lowden spoke briefly. He thanked the editors for their support during the crucial days of the war and declared that the responsibility of the press was limitless in the days of reconstruction. He paid tribute to the history of the Republican party, but did not discuss issues.

Will H. Hays, chairman of the Republican national committee, was present and spoke briefly, but confined his remarks to national affairs. He did not touch candidates.

Among the women at the banquet were Mrs. Lowden, and Mrs. Fletcher Doherty of Chicago, chairman of the woman's Republican committee for Illinois.

The address of Congressman Rodenburg went into the issues before the country and pointed to Governor Lowden's personal qualities and his record as governor as the reason for his choice as "Illinois' favorite son."

Banquet in Evening.
Tonight's banquet was the culmination of a day of political activity centering around a meeting of the Illinois Republican Editorial Association which late in the day passed resolutions endorsing Lowden for president.

Confident that under his leadership the Republican party would be restored to power and every just expectation of the people in the trying times to come.

Congressman B. M. C. field announced tonight he would be a candidate for United States Senator unless something seen happens to prevent it.

At a business meeting of the Illinois Editorial Association after dinner, A. T. Spivey of St. Louis was elected president. M. F. Walsh of Harvard, secretary and J. H. Harrison of Danville, treasurer.

RITCHIE STILL IN THE LEAD
BALTIMORE, Md., Nov. 7.—Attorney General Albert C. Ritchie, Democratic candidate for governor, was 171 votes ahead of Harry W. Nice, Republican candidate when the election supervisor stopped work on the official canvass tonight. His plurality has been cut during the day 27 votes. Half the city remains to be officially canvassed today. It is not expected that any material changes will be made.

PROPOSED ADVANCES IN RATES SUSPENDED
SPRINGFIELD, Ill., Nov. 7.—Proposed advances in telephone rates at Rockford and the neighboring towns of Durand, Rockton, Pecton and Winnebago were suspended until March 21, 1920, by the public utilities commission late today.

WEATHER INDICATIONS AND TEMPERATURES

KNIGHTS OF PYTHIAS MET AT WHITE HALL

Tenth District Convention Held in Greene County City—Grand Chancellor Guthrie Present.

White Hall, Nov. 7.—The tenth district convention of Knights of Pythias was held Thursday afternoon and evening in the magnificent quarters of the local lodge.

The district comprises Morgan, Scott, Cass and Greene counties, and there are ten lodges, of which six were represented by delegations.

Chandlerville, Greenfield, Rockbridge and Waverly delegates had planned to come by auto, and the rain of the night before prevented their attendance.

Splendid delegations were present from Roodhouse, Winchester and Jacksonville. George B. Morrow, district president, was assisted in arrangements by a local committee, consisting of A. E. Vossler, D. V. Winters and A. M. Nevius. Mr. Morrow was elected for another year.

Ed Guthrie of Mattoon, grand chancellor, and Al Douglass of Decatur, grand keeper of records and seal, were present. They attended the ninth district convention at Quincy the day before, and went from here to Lincoln to attend the eleventh district convention.

The grand officers heard reports from the delegates, and at night the first, second and third ranks were conferred, there being one candidate for the first and two for each of the third and second.

Buffet luncheon was served, and there was a smoker. Jacksonville was chosen as the next place of meeting, and Jewell E. Scott, of that city was elected secretary and treasurer for the ensuing year.

FOOTBALL

J. H. S. vs. Quincy

SATURDAY, 2:30 P. M.

"Cascarets" work while you sleep! They start the liver and loosen the bowels without griping or sickening you. When you wake up all constipation, biliousness, headache, sallowness, bad breath, stomach misery or cold is gone. "Cascarets" never keep you anxious or inconvenienced all the next day like Calomel, Oil, Salts and violent Pills. "Cascarets" are a delightful laxative-cathartic for grown-up and children. Switch to "Cascarets"—Cost little!

An Easy, Quick Start on a Cold Winter's Night

You may have to wait for the ladies, but you will not need to wait for your car to start if your garage is heated this winter.

A heated garage saves the car finish and those costly freeze-ups and repair bills that come with cold weather. The self regulating WESCO hot water heating system requires attention only once a day. Any handy man can set it up.

No expensive steamfitter is required. Costs less than street car fare for coal.

Telephone or write us for more details and this handsome illustrated catalog that gives the experiences with WESCO of many users.

"Hero"

Pipeless Furnace

Guaranteed to give an absolutely comfortable warmth in coldest weather.

Lowest Cost—Best Results

The scientific principle of the "Hero" is that the warm air rises with perfect radiation to all parts of the house, making every room warm and comfortable. The cold air is forced, by law of gravitation to fall and is drawn back to the furnace by the suction which is created with the rise of heated air. This suction draws all of the air in your home down through the furnace several times per hour; passing through the vapor, it arises clean, moist and warm through the center of register to the far corners of the home.

W. G. WOLFE HELD CLEAN UP SALE

Good Prices Prevailed and the
Sale Totaled Over \$3,000—
Sale Was to Clean Up Surplus
Stock.

William G. Wolfe held a clean-up sale of surplus stock at his farm near Markham, Friday. Despite bad weather conditions there was a good crowd present and satisfactory prices prevailed.

J. L. Henry and C. J. Wright were the auctioneers and Oliver Stout served as clerk. The sale totaled over \$3,000. Some of the prices and buyers are given here.

Cows.
C. A. Reeve, cow at \$161.
Oscar Berry, cow at \$117.
Henry Alderson, cow at \$127.
William Menze, cow at \$123.
Heifer at \$96.
J. L. Johnson, cow at \$100.

Hogs.
Louis Myers, eight fat hogs at \$39 each.
John Drake, four gilts at \$26.50 per head.
Alex Ranson, male hog at \$40.50.
Walter Fearnough, sow at \$21; barrow \$21.
Charles Drake, three gilts at \$37.50 per head.
E. M. Harmon, three gilts at \$47.00 per head.

Sheep.
Otis Johnson, ram at \$21.50.
Haney Bunting, five lambs at \$7.25 per head.
John Drake, five lambs at \$8.50

Swain Estate Sale.
C. W. Swain as administrator for the estate of the late John T. Swain held a public sale at the farm six miles north of Alexander and three miles south of Prentice Friday afternoon, which was well attended.

The sale opened at two o'clock with William Braker auctioneer and Albert Nall, clerk. Total figures of the auction approximated \$1,200.

Horses brought fair prices, some being sold as high as \$167. Spring pigs sold for \$30 each. High price on calves reached \$41.

All implements sold well.

**ROUTT COLLEGE WON
FROM FRANKLIN HIGH**

Local Lads Trim Opponents by Score of 16 to 11—Zell, Costello and Carson Star—Seymour and Sweet Score Franklin's Points.

Route college won from Franklin high at basketball in Marquette hall, Franklin, Friday night by a score of 16 to 11. Coach Conlon's men showed superior skill in shooting baskets, Zell and Costello scoring 14 of Route's 16 points. Carson got the other two.

For Franklin Seymour and Sweet were the only players able to get by Route's defense. They made all of Franklin's scores.

**ROSSITER TELLS OF
GERMAN PREPAREDNESS**

Canadian Soldier Tells Christian Church Brotherhood Some Reasons for German Atrocities—Conditions in German Prison Camps.

Overeating, overdrinking and licentiousness were three of the things predominating in the German preparation for world conquest, Ivan S. Rossiter, Canadian soldier told the members of the Central Christian church Brotherhood Friday evening.

The Brotherhood enjoyed a duck dinner at 6:30 o'clock, the ducks being furnished by James G. Strawn. Sixty-two were present and after the dinner Mr. Rossiter was introduced.

The speaker compared the condition of the Canadian army and the armies of the allies with the German army in 1914. He said the reason for German success in the early years of the war was being better prepared both as to armament and training.

Giving the reason for German atrocities committed during the conflict Mr. Rossiter pointed out that for over forty years Germany had been preparing for the war the average German citizen did not realize it. The plan was the feeding of the body.

"This," said Mr. Rossiter, "resulted in overeating, overdrinking and licentiousness, destroyed initiative and the individual became mechanical. In this state they were easily brought under control of one dominant will."

Mr. Rossiter also told of some of the things he witnessed in some of the German camps in which he was held. While many of his auditors had heard the speaker on several different occasions his address Friday evening was along entirely different lines than those heretofore given and he was heard with close attention throughout.

REHEARSAL CALL
Singers from the high school the Woman's college, Illinois college and other institutions who are to take part in the community sing on Armistice day are requested to meet at Grace church Sunday afternoon at 2 o'clock for rehearsal. The chorus will be directed by Mr. Keop of the conservatory faculty.

per head.
C. E. Drake, four sheep at \$10 per head and four at \$11 per head.
Ernest Owens five sheep at \$10 per head.

Brogden Sale Friday.
G. H. Brogden held a sale Friday afternoon at the A. J. Ruble farm northeast of Jacksonville. Charles M. Strawn was the auctioneer, and Charles McDonald served as clerk. Some of the buyers and prices are given:

Louis Freitag, four ewes, \$13.75 each; lamb, \$10.
Henry Cruise, mare, \$20.
A. J. Ruble, mare, \$30.
Robert Clayton, mule, \$75.
Pete Haxton, aged mule, \$25.
Simon Decker, calf, \$48.
Arch Bridgeman, calf, \$55, and one at \$51.

Charles Patterson, calf, \$55.
Sam Twyford, calf, \$58.
Manuel Nunes, heifer, \$40.
Judge Mason, three calves, \$19 each.

Arthur Ornelias, eight shoats, \$11 each.
Farm implements also brought good prices.

J. H. and B. F. Rawlings Sale.
J. H. and B. F. Rawlings held a sale at the farm of the former Friday. It was a clean-up sale and thirty head of cows were sold. The prices ranged from \$50 to \$95, the sale totaling about \$1,600. Finis Seymour was the auctioneer and John Shirley was the clerk. The ladies of Durbin church served lunch.

Swain Estate Sale.
C. W. Swain as administrator for the estate of the late John T. Swain held a public sale at the farm six miles north of Alexander and three miles south of Prentice Friday afternoon, which was well attended.

The sale opened at two o'clock with William Braker auctioneer and Albert Nall, clerk. Total figures of the auction approximated \$1,200.

Horses brought fair prices, some being sold as high as \$167. Spring pigs sold for \$30 each. High price on calves reached \$41.

ARMISTICE DAY
Reports from the inter-city meeting of Rotary clubs were made Friday at the Rotary club luncheon. President H. M. Capps called on various members of the Jacksonville delegation, including Walter Ayers, C. H. Russell, Frank Byrns, Vincent Riley and H. L. Caldwell. Each one of these men made a brief statement giving their impression of the convention and Mr. Capps, who was also at Quincy, spoke briefly. It was very evident that the delegates came back with a new realization of what the Rotary organization stands for and is accomplishing for better citizenship.

Several matters of business were talked over and it was decided to have music as an additional feature at the weekly luncheon.

William Thomas of Arezville spent Friday in the city on business.

LITTLE JACK THOMAS BREAKS RIGHT ARM

Winchester Lad Suffers Painful Accident Friday Morning—Other News of Interest.

Winchester, Nov. 7.—Jack Thomas, five-year-old son of Mr. and Mrs. Ralph Thomas, had the misfortune to fall while at play Friday morning in such a way as to sustain a fracture of the right arm near the wrist. Dr. J. W. Eckman was called and set this broken bone.

Robert Sperry and Fritz Haskell left Friday for Springfield to attend the meeting of the Republican Editorial Association held there.

L. Watt of St. Louis is here visiting his mother, Mrs. Sarah Watt.

Mr. and Mrs. Curtis Jones of St. Louis are guests at the home of Mr. and Mrs. Jack Lankford.

Miss Minnie Weeder arrived Friday from Jacksonville to spend the week end with her parents Mr. and Mrs. Albert Weeder.

Miss Jessie McLaughlin was able to be out Friday afternoon after a two weeks illness of tonsillitis.

Mr. and Mrs. Everett Madd left Friday for a short stay in Jacksonville.

Little Lucy Coe is confined to the home of her parents, Mr. and Mrs. John Coe, by illness.

Mrs. Lee Gaither and daughter arrived Friday from Jacksonville to visit relatives here.

Mrs. T. C. Hamilton left Friday for Duquoin to visit with her daughter Miss Lucile, who is in a nursing training school there.

Junior Little, son of Mr. and Mrs. Randolph Little, is confined to his home on account of an attack of the mumps.

In memory of the Armistice we have today made a special candy from nuts, fruit and cream; it is extra nice, a regular 50c value and the price for today only is 35c the pound.

BUY IT AT MERRIGAN'S.

**CITY MAKES GOOD
RED CROSS SHOWING**

Enrollment Proceeds in Satisfactory Way—Bad Weather Interferes in County Work—More 100 Per Cent Firms.

The Red Cross campaign in the city of Jacksonville is moving along splendidly according to statement made last night by Chairman Earl Spink. For various reasons not all of Jacksonville reports are available and as far as the county is concerned practically no reports have been made. In the business section of Jacksonville 438 names have been enrolled and more are to be reported.

Other city workers' reports are as follows:
First ward—142, with 5 canvassers to hear from.
Second ward—286, with 6 canvassers to report.
Third ward—172, with 5 canvassers to hear from.
Fourth ward—355, with 8 canvassers still to report.

Other Reports
Illinois college has sent in 149 names and others will be added, and from Capps' mill there have been 126, with a statement that this by no means represents the maximum number.

The best record thus far for individual work belongs to Miss Edna Welsh, who has reported 126 names, quite a large number of them from the Capps mill. Miss Rose Whipp at Jacksonville State hospital has reported 100 names and more are to follow.

Reports are expected today from Illinois Woman's college, School for the Deaf, Eli Bridge Co., C. P. & St. L. shops, Illinois Steel Bridge Co., Jacksonville Packing Co. and Swift & Co. The South Jacksonville report is not yet available.

Chairman Spink frankly confesses his disappointment over inability to give accurate reports from the country precincts, although he admitted that the weather has not been favorable for country work. It is quite probable that the campaign will run over into next week before the complete reports are ready.

100 Per Cent Firms
The following additions were made to the 100 per cent list yesterday:

Frank Correa,
Western Union office,
Postal Telegraph office,
Andrews Lumber yard,
City Hall,
Babb & Gibbs,
Schell & Carlson,
Taylor's grocery,
Flores & Co.,
Dr. W. O. Swales,
Patzy Cafy,
H. L. & B. W. Smith,
Rotary Club,
Elliott State bank,
Strawn & Spink,
H. S. Kubota,
Dr. C. B. Powell,
Frank Seby.

**NOTARIANS HEARD
ABOUT QUINCY MEET**
Reports from the inter-city meeting of Rotary clubs were made Friday at the Rotary club luncheon. President H. M. Capps called on various members of the Jacksonville delegation, including Walter Ayers, C. H. Russell, Frank Byrns, Vincent Riley and H. L. Caldwell. Each one of these men made a brief statement giving their impression of the convention and Mr. Capps, who was also at Quincy, spoke briefly. It was very evident that the delegates came back with a new realization of what the Rotary organization stands for and is accomplishing for better citizenship.

William Thomas of Arezville spent Friday in the city on business.

LOCAL MAN BACK FROM IMPORTANT CONFERENCE

A. R. Eyre Attends Divisional Meeting of Express Men at Terre Haute—New Method of Handling Way Bills and Accounts to be Instituted.

A. R. Eyre returned last evening from Terre Haute, Ind., where he was in attendance at a conference of the principal agents, route agents, auditors, and superintendents of the American Railway Express Company.

The conference was held Wednesday and Thursday of this week and was of great interest to express men. The meeting was for men of this division which comprises parts of Illinois, Indiana and Ohio. The headquarters of the division is located at Terre Haute and is under the superintendency of J. C. Graebling.

Mr. Eyre states that officials of the company plan extensive changes in the method of handling way bills and accounts. It is the intention to attach the way bill to the article shipped and in this way greatly facilitate the movement of all express.

Wednesday evening the conference enjoyed a sumptuous banquet at one of the big hotels of Terre Haute. The place cards at this function were the various forms to be used under the new system proposed. These occasioned much comment and also gave the men a little time to look them over and have them explained by the men who had made them up and arranged for this radical departure from the old way of handling express.

Mr. Eyre said that while the great bulk of the express, known as freight, would be handled with the way bill attached, that all valuable packages, such as money, jewelry, and the like, would be transferred from one man signature method, each messenger being directly responsible for the valuables in his care and for which he had signed.

**FOOTBALL
J. H. S. vs. Quincy
SATURDAY, 2:30 P. M.**

**RESERVATIONISTS
WIN FIRST FIGHT
IN TREATY BATTLE**

Continued from Page One.)

of keeping the Republican party intact.

As it was adopted by the senate the reservation preamble was as follows:

The reservations and understandings adopted by the senate are to be made a part and condition of the resolution of ratification, which ratification is not to take effect or bind the United States until the said reservations and understandings adopted by the senate have been accepted by an exchange of notes as a part and condition of said resolution of ratification by at least three of the four principal allied and associated powers, to-wit:

Great Britain, France, Italy and Japan.

The Balance of Power in Doubt
As a result of the day's developments four separate elements in the senate were claiming to hold the balance of power which ultimately would decide the treaty's fate. The Democratic leadership claimed it on the basis of their deadlock program and the Republican leaders on the strength of the united Republican support of the committee. The claim of the mild reservationists was based on their determination to force acceptance of reservations just as they had forced rejection of amendments.

The fourth element, the irreconcilables, although not admitting they had any definite plan pointed out that should they decline to support certain reservations in their present form they might secure their defeat and then kill the treaty on a vote for unreserved ratification. The senators of this group following a conference last night spent a busy day canvassing the possibilities of the situation are said to have notified the Republican managers that they intended to make a vigorous fight for more drastic reservations on article ten and one or two other provisions of the league covenant.

**MRS. TROTTER IS
A STILL UNCONSCIOUS**
Mrs. P. D. Trotter, who is at Passavant hospital in a critical condition as the result of being struck by an Alton train Wednesday, was reported as still unconscious at press time Saturday morning. There seemed a slight improvement in her condition Friday.

FUNERAL NOTICE
Funeral services for Virginia Trotter will be held from Centenary church this afternoon at 2:30 o'clock in charge of the Rev. D. V. Goudy, assisted by the Rev. J. N. Langford. Burial will be in Jacksonville cemetery.

ATTENDED CONFERENCE
Messrs. Ensley Moore, A. L. French and C. H. Rammelkamp were among Morgan county people who went to Springfield yesterday to attend the state conference of Republicans.

Social Events

Given Surprise Party.
A number of neighbors came to the home of Mrs. Laura Bailey Wednesday and surprised her. They brought well filled baskets and the day was much enjoyed. Those present were Mrs. J. P. Quinn and grandson, Mrs. Carl Friend and daughter Fern, Mrs. Henry Huddleston, Mrs. John Barry and Mrs. Mary Barry.

**Clerks at Waddells
Enjoy Oyster Supper.**
A number of clerks at the store of F. J. Waddell & Company enjoyed an oyster supper at the home of Miss Bernice Dowsdworth, 610 South East street, Friday evening. Following the oyster supper the evening was pleasantly spent in games. Those present were: Mrs. Pearl Johnson, Mrs. Grace Blackburn, Mrs. Leola Ausmus, Miss Lillian White, Miss Leola Spencer, Miss Emma Hunter and Miss Elizabeth Spencer.

**Salem Ladies Aid
Held Regular Meeting.**
The regular meeting of the Salem Ladies Aid was held Friday afternoon with Mrs. William Thompson. There was a large attendance and the president was in charge of devotions. At this time the society held silent prayer for the recovery of Mrs. P. D. Trotter who was injured Wednesday in a railroad accident. It being the last meeting of the year the election of officers was held, the following being chosen:

President—Mrs. Frank Green.
Vice President—Mrs. R. E. Phillips.
Secretary—Mrs. H. L. Davies.
Treasurer—Mrs. W. C. Thompson.

Following the business session a social hour was enjoyed and refreshments were served. The next meeting will be held with Mrs. H. L. Davies, Thursday, December 4.

**Morgan County Service
Star Legion Met.**
The Morgan County Service Star Legion held its regular meeting with Mrs. Mary Turner Carriel Friday afternoon with an unusually large attendance. The organization was formerly known as the War Mothers of America, but the change in name made to conform with the loyal Legion of World War Veterans. Miss Laura McDonald, who was head officer of a canteen in France told

of her work. Miss McDonald is an interesting speaker and was heard with close attention by those present. The new officers also entered upon their duties at this meeting. They are:
President—Mrs. Mary Turner Carriel.
Recording Secretary—Mrs. G. W. Randle.
Treasurer—Mrs. Keefe.

Several new members were admitted to membership. The next meeting will be held Friday, December 5.

Westminster Guild.
The Westminster Guild met Friday afternoon with Mrs. G. C. Guthrie at her home on Park street. Mrs. C. B. Massey led the devotions. Mrs. Harry Obermeyer presented in a very interesting way the subject "The Progress of Americanism." There was a general discussion in which everybody took part. Mrs. Obermeyer led in such a satisfactory way that she was asked to continue the subject at the next regular meeting. The hostess served refreshments and the occasion was very pleasant.

**NEW LEATHERETTE
Trench Coats, \$21.00, just received, at MYERS BROS.**

Deaths

Patterson.
Mrs. Isabelle Patterson of Monmouth died at a local hospital Thursday. Deceased was born in Pennsylvania November 1, 1835. She was united in marriage in Pennsylvania to Capt. W. J. Patterson May 5, 1859.

She is survived by the following children: Mrs. M. E. Filson, Chapin; Mrs. Clara Brockhouse, Minneapolis, Minn.; Mrs. C. J. Burton, Peculiar, Mo.; Miss Gertrude Patterson, Monmouth; William E. Patterson, McAlester, Okla. She also leaves one brother, Joseph Yother, Kaskaskia, Pa. and 15 grandchildren and nine great grandchildren.

Mrs. Patterson had been a resident of Illinois for sixty years. She was a member of the Christian church and a woman highly respected by all who knew her.

The remains were removed to the undertaking parlors of W. W. Gillham and prepared for burial. Funeral services will be held at 2:30 o'clock this afternoon from Concord Christian church in charge of the Rev. C. G. Cantrell. Burial will be in Concord cemetery.

**Best Treatment for Catarrh
S. S. S. Removes the Cause**

Purifying the Blood
Once you get your blood free from impurities—cleansed of the catarrhal poisons, which it is now a prey to because of its unhealthy state—then you will be relieved of catarrh—the dripping in the throat, hawking and spitting, raw sores in the nostrils, and the disagreeable bad breath, it was caused, in the first place, because your impoverished blood was easily infected. Possibly a slight cold or contact with someone who had a cold. But the point is—don't suffer with catarrh—it is not necessary. The remedy S. S. S. discovered over fifty years ago, tested, true and tried, is obtain-

able at any drug store. It has proven its value in thousands of cases. It will do so in your case. Get S. S. S. at once and begin treatment. If you are a long standing case, be sure to write for free expert medical advice. We will tell you how this purely vegetable blood tonic cleanses the impurities from the blood by literally washing it clean. We will prove to you that thousands of sufferers from catarrh, after consistent treatment with S. S. S., have been freed from the trouble and all its disagreeable features and restored to perfect health and vigor

BEARS PREDOMINATE CORN MARKET

CHICAGO, Nov. 7.—Announce-
ment that the individual permit
system regulating the movement
of grain from country stations to
terminal markets would be dis-
continued on November 10 had a
decided bearish effect today in the
corn market. Prices closed heavy
1 1/2 to 2 1/2 c net lower, with Dec.
\$1.35 1/4 to \$1.35 3/4, and May
\$1.28 to \$1.28 1/4. Oats lost 3/4 c
to 1 c.

In provisions the outcome var-
ied from 5c decline to 15c ad-
vance.

Corn prices broke sharply after
word went around that the
permit system would be ended on
Monday except in regard to ship-
ments from one terminal market
to another. It was generally as-
sumed that the correct exemp-
tion of rural shippers would in-
crease here to a material extent.
Earlier in the day bears derived
considerable advantage from re-
ports that the government might
offer large amounts of wheat for
re-sale to domestic consumers.
The coal strike situation tend-
ed likewise to handicap the bulls
and so too did some enlargement
of receipts. Only transient up-
turns at the opening resulted
from the rainy weather and fore-
cast for more moisture ahead.
Persistent selling which devel-
oped in the oats market was as-
cribed to notice that foreign ships
would be unable to coal in Ameri-
can harbors.
Provisions advanced with hogs
but reacted when corn turned
weak.

CHICAGO LIVESTOCK MARKET

IMPORTANT STOCKS MAKE DECLINES

NEW YORK, Nov. 7.—Trading
in stocks today was marked by an
absence of the feverish conditions
which accompanied the dealings
of the two preceding sessions.
The undertone continued feverish
however, many leaders closing at
declines of 1 to 3 points. A factor
which contributed to the more
orderly trend was the strength of
rails. Almost a score of those
issues held the better part of their
gains of 1 to 2 1/2 points undid
lead of Southern Pacific.

The usual favorites in the steel,
equipment, motor and oil groups
were inclined to throw off their
recent heaviness at times, but
fell away towards the end when
fresh pressure developed. Ship-
ping, tobacco, leather, rubber and
unclassified specialties also were
reactionary.

Several of the motor accessori-
es, notably Bosch Magneto and
Stromberg Carburetor were con-
spicuously strong with chemical
and fertilizer issues. The latter
included American Linseed, Na-
tional Aniline and Virginia Caro-
lina Chemical. A thirteen point
rise in associated oil was note-
worthy because of the heaviness of
most other Petroleum, trans-
continental oil also displaying un-
usual activity and strength.
Sales amounted to 1,250,000
shares. Liberty issues without
exception were lower on larger of-
ferings. Total sales, par value,
aggregated \$15,575,000.

BRADSTREET'S REVIEW

New York, Nov. 7.—Brad-
street's tomorrow will say:

"The trade and industrial ef-
fects of the coal strike in its early
stages, resemble very much those
of its unsuccessful predecessor in
the steel industry. Actual effects
upon distribution are, except in
purely coal mining regions, al-
most negligible. Concern verging
upon uneasiness is expressed
whereas in some cases supplies of
coal for small, but reports from
large consuming centers point to
30 to 60 days supplies of fuel be-
ing available and confidence is
expressed that the strike will end
before the extreme pinch comes.
The heartening effect upon busi-
ness men of the strong stand
taken by the government to help
order and to insure the non-
union mines which employ a
third of the soft coal miners run-
ning and the results of the Mas-
sachusetts election cannot be un-
derestimated. It is felt that the
coal has definitely turned in labor
matters and this view is but-
tressed by the failure of the steel
and longshoremen's strikes while
many smaller labor troubles have
also disappeared. Commerce at
the port of New York has been
actively resumed and the tie ups
at New Orleans and San Francisco
are expected to shortly disappear.
Weekly bank clearings \$9-
270,839,000."

CHICAGO AND MICHIGAN
RESUME HOSTILITIES

Record Crowd Will Be On Hand
When Old Rivals Clash on
Stagg Field Today—Illinois
Plays Minnesota.

CHICAGO, Nov. 7.—Eight
teams will swing into action in
the renewal of hostilities for the
western conference football
championship tomorrow with in-
terest centering in the games be-
tween Michigan and Chicago at
Chicago and Illinois and Min-
nesota at Minneapolis. In the
other two conference struggles,
Ohio State, the only undefeated
eleven in the race will meet Pur-
due at Columbus, while North-
western and Iowa will clash at
Evanston.

The clash between Chicago and
Michigan, the Yale-Harvard game
of the west, will mark the first
real struggle between these his-
toric gridiron foes since Michi-
gan dropped out of the confer-
ence following the season of 1905.
Indications were tonight that a
crowd of 25,000 persons would
witness the contest as every re-
served seat has been sold and
standing room will be sold for \$1
a foot. The Wolverines reach
Chicago early today, later going
to Evanston for a brief workout.
The Michigan eleven is not the
formidable team of former years,
but is regarded as a fighting ag-
gregation which will take advan-
tage of the slightest error and
turn a seeming defeat into vic-
tory. After the startling upsets
of a week ago, experts are not
willing to hazard a guess on the
outcome. Injuries, however, re-
threaten to weaken Chicago, as
Jackson and McGuire probably
will be out of the game.

The Illinois-Minnesota game is
expected to develop into a de-
perate struggle with the odds
slightly favoring Minnesota which
upset calculations a week ago by
trouncing Wisconsin. The teams
are playing at the top of their
form and practically the same
line-ups that took the field
against Chicago and Wisconsin
last Saturday will go into action
tomorrow. Experts believe that
if Illinois can defeat the Gophers
the downstate players will have
an excellent chance of winning
from Ohio in the wind-up of the
season at Columbus, November
22.

Nothing short of a miracle will
enable Purdue to triumph over
Ohio tomorrow. The Ohioans
have been resting since the game
with Michigan two weeks ago and
are reported to be on edge.

Iowa is expected to win handily
over Northwestern as the Hawk-
eyes are represented with one of
the strongest teams in the history
of the season. The only game
Iowa lost this season was to Illi-
nois by a two point margin.

FOR SALE
Show cases, cash register,
scales, open top bakers'
stove, settie, Universal food
chopper, 1 lot of extracts,
and complete bakery equip-
ment.
Apply Geo. F. Brown,
Jacksonville Plumbing Co.

HARVARD-PRINCETON BATTLE IN EAST TODAY

NEW YORK, Nov. 7.—Eastern
football approaches the climax
of the season tomorrow with the
playing one of the classic con-
tests of the year and several
games which will weigh heavily
in the final alignment of the
eleven. From many angles the
Harvard-Princeton battle at
Princeton will attract the interest
of football followers in all parts
of the country. Harvard enters
the game as logical favorite to
defeat Princeton. The Crimson
eleven is composed of fast power-
ful players and the team has not
yet been scored upon. The Har-
vard schedule has not been as
trying as that of Princeton and
the Cambridge combination has
not been as severely tried as the
Tigers.

In many respects the interest
centers in the work of Princeton.
Altho defeated by both Colgate
and West Virginia, the orange
and black is certain to develop a
far stronger game against Har-
vard, and with the possible ex-
ception of the Yale contest a
week away may be expected to
throw all its power and resources
against the Crimson. Under
these conditions Harvard may
look for a hard battle.

JERSEY COUNTY MEN ARE PLACED IN LOCAL JAIL

DR. H. A. REDDISH AND J. W. MACKELTON AWAIT TRIAL FOR MURDER.

Accused Men Decline to Talk About Charges Against Them—Declare Their Innocence and Feel Sure of Fair Trial Here—Hearing to Begin December First.

Dr. Horace Augustus Reddish and John W. Mackelton of Jersey county are now in the custody of Sheriff W. H. Weatherford at the county jail. They are the request of the Jersey county authorities that the prisoners should be separated and Dr. Reddish is occupying a cell on the first floor while his uncle, Mr. Mackelton, has larger quarters on the second floor.

The prisoners, who are charged with the killing of Stephen M. Reddish and Rachel Cisco at Jerseyville last April, are to be tried here at the November term of the circuit court, having been granted a change of venue by Judge Norman Jones after affidavits and statements had been made tending to show that it would be difficult for them to secure a fair trial in Jersey county.

Trial Coming in December.
The prisoners were brought to Jacksonville Friday by Sheriff James Catt who was accompanied by Anthony H. Quinn, circuit clerk of Jersey County. The prisoners were brought here at this time because the law requires that they shall be in the county where the trial is to be held at least three days prior to the opening of the term.

The docket for the November term of the Morgan county circuit court has not been set but there has been a tacit agreement with the approval of Judge Smith between States' Attorney Robinson of this county and States' Attorney Paul H. Hamilton of Jersey county that the trial will be entered upon Monday, December 1.

Dr. Reddish at the jail Friday afternoon told a Journal reporter that he did not care to talk about the case, that in fact he had already had too much newspaper publicity.

The prisoner was making reference to the early days following the tragedy when newspaper reporters from the city papers were writing columns about the case. At that time he talked quite freely and a lot of sensational matter appeared in the press.

Both Prisoners Reticent.
Dr. Reddish is apparently about 35 years of age. He is of slight build and about 6 feet tall. While not willing to talk about the case to any extent, he did say: "I was undecided about the necessity for a change of venue from Jersey county but my attorneys and some of my friends thought that it would be better to have the trial somewhere. I feel very confident that I can have a fair hearing here in Morgan county and that is all that I want." The evidence against me is purely circumstantial and I do not believe that there will be a great deal of trouble in proving my innocence."

Dr. Reddish is represented by Sumner & Rearden of Jerseyville and T. J. Quinn of East St. Louis, formerly a resident of Greene county.

John W. Mackelton, who is accused of being associated with Dr. Reddish in the execution of the crime, is somewhat older than Dr. Reddish. When asked for an interview he replied: "I have absolutely nothing to say except that I am wholly innocent of this crime and confidently expect my name to be cleared at the court trial. I have the feeling that here in this county there will not be the least trouble about a fair hearing. I do not want to seem discourteous, but I cannot talk about the case."

Mackelton was born in Jersey county and has spent most of his life there, although for a time he has been a resident of St. Louis. Neither of the men is of the type one would pick for the commission of the crime with which they are charged. Nevertheless the state is said to have a strong case against them.

As indicated, the crime with which Dr. Reddish and Mr. Mackelton are charged was committed about April 25 in Jerseyville. Stephen Reddish and his colored servant, Rachel Cisco, were both killed by revolver shots and their dead bodies were found two or three days later; by Clarence Reddish, another son of the deceased, and at that time cashier of a Jerseyville bank. Clarence Reddish went to the home of his father accompanied by two friends, who were enroute to Alton to bring home Mrs. Reddish. The latter had been at the Mineral Springs Hotel in Alton and by a fall had suffered an injured hip.

Murdered Man Very Wealthy.
When Mr. Reddish was unable to secure any response at the door of his father's home, he climbed thru a window and then discovered the dead bodies. Various circumstances pointed to the guilt of Dr. Reddish, who it is said, had lived in a dissipated way and had some differences with his father. The elder Reddish was reputed to be worth anywhere from \$150,000 to \$500,000 and the desire to secure his share in the estate is the motive alleged.

Two pawn tickets, one of them for a revolver, figure largely in the evidence against Dr. Reddish. These tickets were temporarily lost at the Alton hotel and at the preliminary hearing several witnesses were brought in to testify to the great anxiety Dr. Reddish displayed in his desire to recover the tickets.

John W. Mackelton is an uncle of Dr. Reddish as his wife is a sister of Stephen Reddish, the murdered man. Dr. Reddish has testified in an effort to prove an alibi that on the night the crime was committed he was in St. Louis at the Mackelton home and slept in the same room with Mackelton.

Circumstantial evidence also resulted in the arrest of Mackelton and the state is charging that he was an accomplice of Dr. Reddish in committing the double murder.

CAR OF POTATOES expected to be on track this morning. These potatoes are extra fine and will be sold for \$1.95 per bushel. Call at store for location of car.
DOUGLAS' GROCERY

TWO BAD ACCIDENTS
Yesterday morning little Eleanor Bartholow, aged eight years, daughter of Mrs. Margaret Bartholow, 1327 South Clay avenue, was climbing a picket fence when by some means she slipped and fell and the end of a paling plowed thru the calf of her left leg making a bad wound. Dr. A. M. King was called and gave the needed attention and the little one is getting along as well as could be expected.

Henry Keirl, 602 Hardin avenue and employed at Capps' factory, had the misfortune to get his left hand caught between the wooden rollers of a machine he was operating. The fingers were badly mangled almost their entire length. Dr. A. M. King gave the necessary attention and the hand will be carried in a sling for some time.

SPECIAL SALE TODAY THERE WILL BE A SPECIAL SALE IN ALL DEPARTMENTS AT HERMAN'S. THIS OFFERS YOU A CHANCE WHEREBY YOU CAN MAKE SOME EASY MONEY.

VISITORS FROM TEXAS
Mr. and Mrs. Gene Walker and child of Baird, Texas, are in the city visiting Mr. Walker's father, C. H. Walker and other relatives and friends. Mr. Walker was for some years a valued resident of this city and was educated here and learned the jeweler's trade also. He is now doing very well in the Lone Star state and has not been here for a number of years and of course sees many changes about the case."

CORONER'S JURY EXONERATES CREW

Hold Men Blameless for Death of Virginia May Trotter—Inquest Held Friday Morning.

After hearing the evidence of Engineer Foreman, Fireman Griffin and Dr. E. L. Crouch, the coroner's jury in the inquest on the body of Virginia May Trotter who died as result of injuries received by being struck by an Alton passenger train exonerated the train crew from all blame. The inquest was held at the undertaking rooms of Williamson & Cody, at 10:30 o'clock Friday morning, the following jury having been empanelled by Coroner Rose: John Minter, foreman, W. W. Walker, T. H. Rapp, H. S. Cully, J. E. Parr and Walter H. DeShara, clerk.

Thomas Griffin, fireman of the train which struck the buggy containing the child and her mother at Brown town crossing Wednesday morning was the first witness. Griffin saw the horse as it stepped on the track and called to the engineer to blow the whistle. The engine struck the horse about that time. Griffin said that the bell had been ringing continuously since the train left Bloomington. Witness said the train was running about 35 miles an hour at the time of the accident.

Edwin Foreman, engineer of the train did not see the engine hit the horse. The first intimation he had of the impending accident was when the fireman told him to blow the whistle. At almost the same instant the engine struck the horse, throwing it about twenty feet in the air. Witness said he applied the brakes and stopped the train and Mrs. Trotter was found on the pilot and the baby lying in the ditch alongside the track. With the assistance of the fireman, he placed the bodies on a blanket and put them in the baggage car and brought them to Jacksonville.

Dr. E. L. Crouch told of being at the hospital when the injured arrived and Dr. C. E. Black asked him to assist in their care. He gave his opinion that the child's death resulted from injury to the chest wall and shock. The jury's verdict was in accordance with these facts.

Car of Potatoes — A-1 Northern Wisconsin Rurals on Wabash tracks Saturday only; \$1.75 bu. at car; \$1.80 delivered in quantities.
ROBERT MUTCH

WILL MOVE TO CALIFORNIA

Prof. I. N. Wright and wife of Missouri are in the city visiting Prof. Wright's sister, Mrs. Elizabeth Stebbins, before going to their new home in California. They have sold their farm in Missouri and are going to the golden state attracted largely by relatives of Mrs. Wright. They expect to land first at Riverside and wisely intend to wait a year before buying; a very sensible conclusion as many persons have bought out there in hurry only to regret at leisure. The Missouri community deeply regret the removal of persons so highly esteemed.

In memory of the Armistice we have today made a special candy from nuts, fruit and cream; it is extra fine, a regular 50c value and the price for today only is 35c the pound.
BUY IT AT MERRIGAN'S.

J. T. MATHERS HOME
J. T. Mathers has returned from a tour of five months in Michigan and will visit a short time with home people and then start for Kentucky where he expects to be for the winter. He reports business quite good and prospects encouraging. While in Grand Rapids he attended a number of the meetings of the national council of Congregational churches and was much pleased with the addresses he heard and especially with the singing at one time by a choir and audience of more than three thousand people.

IN THE RAILWAY WORLD

INCREASES AND BACK PAY FOR ALL SHOP MEN

Workers at Local Car Shops Will Receive Many Thousands of Dollars at Early Date—Other Items of Interest to Jacksonville and Vicinity.

Christmas stockings of Chicago & Alton shopmen at Bloomington, C. P. & St. L. shopmen at Jacksonville, and shopmen at other points in the country will bulge with checks calling for thousands of dollars in back pay. The time-keepers in the motive power offices, who have been working upon the pay-rolls ever since the four per cent increase in back pay was allowed, have completed the big job and the rolls have been sent to the office of Comptroller E. S. Benson in Chicago. The back pay ranges from \$50 to \$150, with an average of \$75 per man. While there is a possibility that the Chicago office may get the checks out for the last pay day of November, it is believed more likely that they will not be distributed before the first pay day in December. The clerks in the master's office will work upon the checks during the intervals of their regular work and, while the management is anxious to get the checks in the hands of the employees at the earliest possible moment, it is physically impossible to get them made out before the last pay day in November, and possibly the first pay day in December. When ever received, the checks will be welcome and will be especially so during the holiday season when some additional purchases are usually made.

Seek Rate Increase.
Headed by Samuel M. Felton, president of the Chicago, Great Western, executives of a number of western roads are meeting in Chicago to bring about an increase in freight rates. A horizontal increase of 25 to 30 per cent will be asked to cover the increased operating expenses which have taken place under government ownership. Such a move is believed to be wiser than advances on particular commodities, as was the case with the last increase. When the classifications were worked out, the purported 25 per cent increase of last year greatly depreciated. It is practically settled that the order turning the roads back to private ownership, will go into effect on January 1. This will give the corporations six weeks to prepare for the change.

Cold Wave Warnings.
The Chicago & Alton officials have sent out cold wave warnings to all terminals. The weather bureau advised a possible drop in temperature to 20 degrees above zero. Terminal officials were asked to reduce tonnage where needed and also look after all perishables and take other safety precautions.

Comfort For Engineers.
Comfort for engineers and firemen is now being considered by many of the roads. As rapidly as possible all locomotives are being equipped with side curtains, and all openings in cabs around boiler heads, injector pipes, reverse levers and other places admitting cold air, are being closed. Careful attention to these matters will not only protect the health and promote the comfort of the engine crew, but will promote efficiency in locomotive performance.

Assignment of Alton Operators.
E. Blakeman was assigned to the second trick at Manchester; H. T. McLaughlin was given the second trick at Carlville; F. D. Fowler the third trick at Sloan; and H. J. Bezman the third trick at Brighton. Of late, Blakeman has handled the second trick at Jerseyville; McLaughlin is an extra man; Fowler has been on duty at Brighton; and Bezman was at Manchester. There are now vacancies for operators at Carlville, third trick; Jerseyville, second trick; and Yeoman's night trick, the senior applicants by November 14 to be assigned.

Here Regard Special Train.
H. P. Gardner of Decatur, Division Passenger Agent of the Wabash was a business visitor in Jacksonville yesterday. He was here to confer with a committee of Odd Fellows relative to a special train from Jacksonville to Springfield the 19th of this month when the grand lodge of Odd Fellows meets in the Capitol City.

Burlington Officials Here.
A private car containing Burlington officials arrived in Jacksonville Friday morning attached to the Wabash train due here at 7:05. The car was later switched to the Burlington tracks. The visitors included General Superintendent L. B. Lyman of Galesburg, Division Superintendent W. A. Chittenden of Beardstown, and Trainmaster C. E. Kolf of Beardstown. It is understood they were here on legal business affecting the road in connection with the drainage district case now being heard in the Morgan county court.

Freight Agent a Visitor.
James Mann, of Springfield, Division Freight Agent for the Chicago & Alton, was a business visitor in Jacksonville Friday.

Here For Inquest.
Engineer E. E. Foreman, and Fireman Griffin of the Chicago & Alton were visitors in Jacksonville Friday, called here to testify in the inquest held upon the body of little Virginia Trotter, the child who was killed in the accident which occurred north of this city a few days ago. Foreman and Griffin were in the cab of No. 15 when the tragedy happened.

Prisoners Arrive.
H. A. Reddish and J. W. Mackelton, charged with the murder of Stephen M. Reddish and Rachel Cisco, were brought to Jacksonville from Jerseyville on Alton Train No. 16 yesterday noon. The prisoners were manacled to-card.

gether and attracted much attention at the station. They were taken to the county jail here and will be held for trial.

Coal Released.
Local Agent D. C. Ditz of the Alton received orders to release the first shipment of coal for several days yesterday afternoon. Two cars were released for the use of the School for the Deaf. The institution had only one day's supply of coal on hand when the relief order came thru.

C. P. Car Shop Notes.
Miss Laura Buckley, stenographer in the office of Superintendent G. W. Imgrund left last Tuesday for a vacation trip of ten days. She expects to visit Bloomington and points in Indiana before returning to Jacksonville. Miss Downing is employed in the office during Miss Buckley's absence.

An instruction car belonging to the International Correspondence Schools of Scranton, Pa., has been placed on a side track opposite the shops. This car is one in which it is sought to interest railway workers, as it contains various types of gas engines, steam engines, etc., for instruction purposes.

W. H. Irving of Valley Junction, Iowa, has accepted a place in the boilermaker's department and is expected in Jacksonville within a few days. Irving is said to be a specialist in electric and oxygen-acetylene welding.

There is a great amount of work now in sight at the local shops and the management is anxious to secure the services of a few more good machinists and boilermakers.

William P. Saner, blacksmith foreman, returned Wednesday from a ten days trip to Rock Island. The trip was primarily for the purpose of visiting relatives at that place, but Mr. Saner combined business with pleasure by visiting a number of railroad and machine shops during his absence. During the time Mr. Saner was away, Charles Pires of the blacksmith department very capably acted in the role of foreman.

James Hennessey, boilermaker, and Robert Asher, boilermaker's helper, have just returned from a trip to Forrest City, Ill., where they went to do some repair work with an oxy-acetylene machine on boilers in the coal docks there. The work occupied a period of two days time.

Workman from the shops Thursday finished some work which they have been doing at the Chicago & Alton passenger depot and freight house. A smoke stack for the heating plant was put up at the freight depot and similar work done at the passenger station.

Paul Devlin has been transferred from the labor gang to the paint department.

Thomas Heaton, machinist, was laying off Friday.

John Gaither has been added to the force on the labor gang this week.

The last few days have been cool enough to make some heating arrangement necessary, especially early in the mornings. In the boilermaker's department their heating plant was put in working order yesterday. This plant consists of a large machine which so utilizes the exhaust from a small engine as to heat a large space. There is a large fan in the lower part of the machine which draws the air in with considerable force. The cold air then passes over coils heated by the engine exhaust, and is blown out of funnels at the top. The coils which are made up of 3-4 inch pipe are 13,000 feet in length.

Consider Winter Time Card.
Chicago and Alton traffic men assembled in Bloomington Thursday for a time card conference. The sessions were held in the office of W. C. Hurst, general superintendent. The out of town officials included George J. Charlton, general passenger and ticket agent; W. H. Abel, general agent of the passenger department, both of Chicago; Merle W. Dansey, division passenger agent at Springfield; J. E. Fish, division passenger and freight agent at Mexico, Mo.; A. E. Maedel, division passenger agent at Peoria; D. M. McNamara, division passenger department at Kansas City; C. W. Bearden, superintendent of transportation, with headquarters in Bloomington, also attended the sessions. The subject of a winter schedule was taken up and recommendations will be made to the operating department and Hale Holden, regional director. It was the decision of the officials that the present card is almost perfect but that a few changes could be made to advantage. It was also decided to ask for the extension of the Eldred line trains from Carlville to Springfield to relieve trains 3 and 4 south, enabling these trains to cut out all the stops between those points. It was also decided to recommend a shortening of the time of trains 9 and 10 between Chicago and Kansas City. These trains were placed upon a long schedule at the opening of the war. It is now desired to go back to the old time again. There is also a desire to restore the fast thru trains between Peoria and Chicago which was in operation before the war. S. G. Lutz, traffic manager of the Alton, favors such a train and believes that Peoria will support it. The traffic officials, after the meeting, all went to Peoria to sound the pulse of the business men of that city and learn if there is a real demand for a high grade, limited train, between that city and the metropolis. At present time, the Rock Island has the edge on the Alton in respect to passenger business due to the location of the Chicago depot of the Rock Island. When the Alton moves into the new Canal street station, now under construction, there will be a different story to tell. The meeting of the traffic officials was the first move Train No. 16 yesterday noon. The in the direction of a winter time prisoners were manacled to-card.

SHARE!---

**Don't Dodge
Your Responsibility**

Here are the facts:

With \$200 you can save one child's life in eastern Europe for a whole year.
For \$20 you can feed one little girl for a month, even in Poland, where food costs twice as much as it does here.

For 25 cents you can buy a 10 year old boy more food than he has had to eat at one time for the past five years.

There are 6,000,000 Jews in eastern Europe whom the war has left dependent upon America for aid. About 800,000 of them are children.

One change of clothes may save a boy or girl from the terrible typhus epidemic which is raging now in eastern Europe.

Poland is full of children of eight or ten years old, no larger than infants of a few months, who cannot walk, because of lack of food.

There are hundreds of thousands of Jewish children in Poland, Czechoslovakia, Lithuania, Rumania, Siberia and the Orient, left helpless and homeless by the war. Thousands of them unable to get into the already overcrowded orphanages, beg on the streets by day, and sleep on the streets by night. And there, but for the grace of God, goes your own little boy or girl!

VICTORY DAY PROGRAM Superb Selection of Songs and Hymns.

At the Memorial and Victory community sing to be held Tuesday next at Grace M. E. church under the auspices of the Chaminade Musical club, will be sung a number of patriotic songs and hymns selected from the list recommended by the National Committee. The songs selected are familiar to everyone, and include "America," "Battle Hymn of the Republic," "Home, Sweet Home," "Nearer My God to Thee," "Blest Be the Tie That Binds," and "Star Spangled Banner."

Besides the choruses, there will be three special numbers. One by the Chaminade Musical club, one by the Woman's College, and one by the Illinois College Conservatory. The Hallelujah chorus from the Messiah is also being rehearsed for this great occasion.
